**Vision, Mission and Program Education Objectives of the Program**

**Vision of the Program:**

The vision of the department of Electrical & Electronics Department is to create globally competent technologists to excel their skills in Electrical & Electronics Engineering.

**Mission of the program:**

**M1:** Provide the environment where industry-oriented education is imparted through systematic Teaching and learning process in interaction with industry and alumni.

**M2:** Develop value-based system of education by offering well-balanced programme of Instruction.

**M3:** Develop practical experience and giving opportunities for overall personality development.

**M4:** Create life-long learning by enhancing the knowledge base and skills necessary to contribute to the improvement of their profession and community

**Program Education Objectives (PEO):**

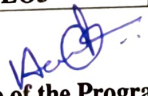

**PEO1-** To excel in Electrical and Electronics Engineering field and apply the knowledge in diverse fields that requires professional skills.

**PEO2-** To contribute Electrical and Electronics Engineering skills in the field ethically.

**PEO 3 -** To promote students, pursue professional development, entrepreneurship and continuing education for their career growth and create enthusiasm for life-long learning.

**Establish consistency of PEOs with Mission of the Program/Department**

| PEO  | M1 | M2 | M3 | M4 |
|------|----|----|----|----|
| PEO1 | ✓  | ✓  | ✓  | ✓  |
| PEO2 |    | ✓  |    | ✓  |
| PEO3 | ✓  |    | ✓  |    |
